

Resident's Application

For potential new community members

Thank you for applying to join Braziers Park as a community resident. Please kindly complete this form and we will consider your application in due course.

Please be aware it's your responsibility to ensure you are eligible to enter the UK, if you live outside the European Union.

Once you have submitted your form, we will review it in due course. If you are selected for an open position (updated on our website), we will invite you for a 2-3 day stay to get know each other. If the community is in consensus about taking your application forward, you will then be invited for a 2 week trial. If successful, then, for a 3 month trial. Afterwhich, there will be the option to join the community as a long-term resident.

In concordance with the EU General Data Protection Regulation of 2018, your information will not be shared beyond the confines of the community you are applying to join. Our Volunteer & Resident Coordinator will redact any sensitive data (i.e. DOB, health information, etc.) before sharing this information with other residents.

All of the information being requested of you is required on the basis of Legal Obligations and Vital Interests. If you are unsuccessful, we will not hold your data for longer than six months. Please read our [Privacy Notice](#) should you wish to know more about how we treat your data.
